

## Working together, we improve people's lives.

Our goal is to improve the health of people across Vermont and Northern New York by integrating patient care, education and research in a caring environment.

Our locally led, non-profit Network is working to preserve access to care that our patients and families need by focusing on wellness, in addition to disease prevention and treatment, while controlling costs.

### OUR INTEGRATED HEALTH SYSTEM

- Academic Medical Center, an alliance of UVM Medical Center, the Robert Larner MD College of Medicine at the University of Vermont and the UVM College of Nursing and Health Sciences.
- 5 Community Hospital Affiliates
- Network Medical Group
- Home Health & Hospice
- Federally Qualified Health Center Partner

### NETWORK BY THE NUMBERS

Providers, including  
1075 physicians  
and 450 advanced  
practice providers  
representing  
primary care and  
30 specialties

**15,000+**

Employs more than  
15,000 people  
in our region

**1,200**

1,200 Licensed  
inpatient beds

**2.4M**

Patient care  
encounters at our  
hospitals, clinics  
and home visits,  
including 145,431  
ER visits

# Central to our community. Caring for a lifetime.

## CENTRAL VERMONT MEDICAL CENTER BY THE NUMBERS

**1,700+**  
Employees

**66,000**  
Serves 66,000  
people in our  
region of 26  
cities and towns

**275**  
122 licensed  
hospital beds  
+ 153 skilled  
nursing beds

**27**  
Medical  
practices

**270**  
More than 200  
physicians  
and 70 advanced  
practice providers  
representing 25  
medical specialties

**288,000**  
Patient care  
encounters at  
the hospital  
and clinics

### CVMC KEY INITIATIVES

- **Responding to Covid-19:** We continue to provide the care our community needs and have moved forward by making Covid-19 response systems core to our daily operations, including our vaccination hub. CVMC provided more than 30,000 doses of the vaccine to our community.
- **Workforce Development:** We invest in our people and their professional growth. Our workforce development programs help build careers at CVMC through our support and investment in educational programs in partnership with Community College of Vermont, Vermont Technical College, and Norwich University. Most recently, we developed a new dedicated simulation lab and classroom space for our students. In July, 13 students graduated from our new LPN Program. More than half of these students were the first in their family to complete post-secondary education.
- **Economic Development:** As part of the THRIVE accountable community for health collaborative, we are a committed partner in the ongoing effort to improve our community's health. CVMC is a member of the Greater Barre team that received a Working Communities Challenge grant through the Federal Reserve Bank of Boston. The \$300,000 in funding from the State of Vermont and philanthropic partners aims to lower the rate of single female heads of household in poverty. CVMC is a pilot site for the three-year program.
- **Substance Use Prevention and Treatment:** By pioneering innovations such as rapid access to medication-assisted treatment in our emergency department, and including peer recovery coaches in the care we provide, we have transformed how we are supporting patients with opioid use disorder at CVMC and throughout the state. Our Central Vermont Prevention Coalition recently received \$1M over the next three years to build on this important work and study the impacts of the Covid-19 pandemic on substance use in our region.
