

IMPORTANT SAFETY RECALL

Clek Inc. has decided that two (2) separate defects which relate to motor vehicle safety may exist in certain Clek Liing and Liingo Infant Car Seats.

Defect: CANOPY STAY Recall 21C-006

Clek Liing infant car seat affected:

Model Name: LG19U1
Manufactured on: 2019/03/27 - 2020/09/14

Clek Liingo infant car seat affected:

Model Name: LGO20U1
Manufactured on: 2020/05/20 - 2020/09/14

Description of the safety defects:

Clek Inc. has determined that the canopy stay (clear plastic rod that runs through the center of the canopy) can break if forcefully bent and leave behind a small plastic part, which an infant could put into their mouth posing a potential choking hazard and increasing the risk of injury.

This issue does NOT affect the ability of the child restraint system to protect the occupant in the event of a motor vehicle crash.

Remedy of the safety defects:

Clek will be providing a replacement canopy stay made of a more flexible material. It is safe to use your car seat while waiting to receive a kit to fix the issue.

Clek will notify all registered owners of affected car seats. This notice will explain the issue and include instructions for how to receive a free kit to fix the issue.

Owners of affected car seats, including those who have not registered their car seat, or have moved, should contact Clek:

- Online: www.clekinc.com/canopynotice
- By email: canopynotice@clekinc.com
- By telephone: 1-866-656-2462

“Manufactured on” date Serial Number

When contacting Clek, owners should have their car seat’s serial number and “manufactured on” date available.

Defect: WARNING LABEL Recall 21C-007
affixed to carbon (black) fabric cover or carbon (black) infant insert

Clek Liing infant car seat affected:

Model Name: LG19U1
Manufactured on: 2019/03/27 - 2021/02/22

Clek Liingo infant car seat affected:

Model Name: LGO20U1
Manufactured on: 2020/05/20 - 2021/02/22

Description of the safety defects:

Clek Inc. has determined that the warning labels affixed to a limited quantity of fabric covers or infant inserts may bubble or lift at the edge making it easier to peel off, which an infant could put into their mouth posing a potential choking hazard and increasing the risk of injury.

This issue does NOT affect the ability of the child restraint system to protect the occupant in the event of a motor vehicle crash.

"Manufactured on" date Serial Number

Remedy of the safety defects:

Clek will be providing a replacement cover or infant insert for any affected product. It is safe to use your car seat while waiting to receive a kit to fix the issue.

Clek will notify all registered owners of affected car seats. This notice will explain the issue and include instructions for how to get a free kit to fix the issue.

Owners of affected car seats, including those who have not registered their car seat, or have moved, should contact Clek:

- By email: warninglabelnotice@clekinc.com
- By telephone: 1-866-656-2462

Warning labels affixed to the fabric cover
(may also be affixed to the headrest)

When contacting Clek, owners should have their car seat's serial number and "manufactured on" date available. Owners will also be required to provide a photo showing the defective label to receive a remedy kit.
