

CALIFORNIA SEL COMMUNITY OF PRACTICE HOW TO ACCESS THE GREATER GOOD IN EDUCATION CONTENT

In the wake of a multitude of crises—a global pandemic, devastating wildfires, and a reckoning with racial injustice—the Greater Good Science Center curated and developed new content specifically for California state schools and districts to support the social and emotional well-being of students and educators.

This content includes videos, practices, and facilitation guides that school leaders can use to train educators to support students in crisis, as well as care for their own social and emotional needs. All of this content lives on the [Greater Good in Education](https://ggie.berkeley.edu) website and is **FREE** for educators working in California schools

STEP 1:

Users must register for the site using this specific link in order to access the content:

If you previously registered for a general GGIE account, you won't be able to access the content with your current log-in. Please send an email to ggsceducation@berkeley.edu to let GGSC know that you need to access the California State SEL content - we can update your account!
